Dear Doctor Jackson,

I left Harrisburg just after writing to you and returned to Clarion to-day from a lecture tour. Your letter with inclosure has been here some time as I neglected to have my mail forwarded. I shall write to Mr. Randall at once, and have my letter endorsed by the leading politicians here, two of whom are special favorites of Mr. R. I trust everything may result in accordance with our plans.

Your friend, A. J. Davis.

P.S. Cannot

Hon. Sheldon Jackson, U.S.A.,
Dear Sir:

I recd. a very encouraging letter from Mr. Pracht this evening. He says he and Mrs. Pracht go to Spring soon, and hopes to see us there soon. If we should get a commission, I hope we shall like him, personally, as well as we do his letters. He desires to be remembered to you when I see you.

I will tell you what I have been doing. I presume by this time Major M. Murray, Dept. Int.

G. A. Jenks, Asst. Sec. Interior, have
been interested in its behalf.

Judge Jenks, bro. of G. A. says he
thinks the bill will pass.

I have written to a friend
to have an editorial in Pitts-
Post. to Mr. Allen to write one
for their (his) School Journal
and to try to get a good number
of letters to Mr. Allen. I have
secured the promise
of Mr. Allen. Some seem to think some building

to have the matter brought
before Genl. Assemb. for a special
trial to Hon. S. J. in its favor.

Let me know if you think
it will be considered favorably.
I wish I knew what to expect
in July. I have recd. about a
dozen applications already for the
position here. When do you think the
bill may be reached? Mrs. S. & I join
in best wishes to you & Mrs. Jackson.

Dear Friend,

The subject
of "missions in Alaska" has
been given me for the
Prayer meeting topic in
July. Should you be kind
enough to write something
about the work there, that
I might read in the Prayer
meeting. It would be of much
interest to our people, as so
many of them know you and
are interested in your
work in that far off country.
Our church is in a flourishing
condition. Rev. J. C. Moore is

our pastor - He has about
150 members - He (the ladies)
have built a nice little
parsonage. It cost us
over \$3,000.

Mr. Russel has quit
preaching. He is city Treasurer
of Butte. He and his
congregation had a dreadful
quarrel. It almost broke up
the church.

Our mutual friend, Mrs
Jane Whitcome, of Minnesota
has recently made three
attempts to commit suicide.
She has become an insatiable
gambler. Lost her fortune
at the gambling table at
Monte Carlo, Europe. Hence
the rock out. She is now
in a madhouse.

What a pity that one so

bright - should waste her
talents in that way. I can
only think of her as a great
Christian worker. She seemed
so active in the work at
Rochester -

Remember me to Mrs
Jockson. If you pass
through Salem I would
be pleased to have you
stop and visit me.

I have been married
seven years - have no
family. My husband is the
Tombstone Insurance. Has
been for almost twelve years.
You may have met him -

Dear Doctor:

Your letters were recd today & also the Petroff report, bills, map, &c, which it was a great pleasure to me to receive, & for which you have my sincere thanks. Also thanks for the kind words relative to my management of the paper. I certainly do desire to do justice & fair-ness to all men, & I hope I am above the prejudice which begets injustice. I regret very much the war between you & the Governor — but cannot blame you for it, as you were "driven to the wall," to use a law phrase which expresses the steps that justifies even a mortal blow. I have never seen an account of your troubles. Mr Brady had one, but had sent it away before I knew of it. I cannot tell what I might have felt called on to say about it — but I have been obliged to keep silent, in ignorance of facts or charges. I hope you received, & could use the articles I published about McAllister. In one of them I took occasion to sustain you in a

way which I thought would show
the small merit of the origin of the dif-
ficulty, & resulting storm against you.
I wish I might hope you & the Governor
might be reconciled & work together for
Alaska, but I fear, from the references
to the matter, (that is all), which I have
seen, the hope would be vain.

Mr Kelly will doubtless keep
you posted of the latest movements of
the "dear people" here, who are now being
played upon most beautifully by Clark,
& who is particularly (though slyly) down
on the missionaries, since you failed to
establish him as your counselor, at a
good salary. You will see the matter
in the Alaskan. I have not time to
enlarge now, as you well know, so
must close for the present.

Mr Jackson - I was intensely interested last winter while in Washington, in hearing your addresses concerning those poor Glen-
tân Islanders. The story of that poor soul who killed himself while waiting for some one to come and show him the way to Christ; was heart-rending; and makes me sick whenever I think of it. How does that poor land-
ing missionary stand it? Can you tell me how I may write to him? How

long is it before letters can reach her? Be kind enough to give me full particulars.

Also please tell me how I can send her a little money: can I send it through you?

An immediate answer will oblige

Mrs M.A. Ryatt.

Dear Doctor:-

I have acknowledged the receipt of this letter, and informed Mrs Ryatt that it would be forwarded to you.

Dear Bro. Sheldon,

Yours of

yeitnday came to-day. And
I have acted on your sug-
gestion & written to the
Moravian Bishop & Dr.
Laugford of the Episcopal
Church. I went twice to the
Episcopal minister here to have
his endorsement of me
& my statement, but did
not find him in. So I sent
the letter on for what it is
worth without any endorse-
ment from him. I also went
to President McManis of

the College & have secured a promise from him that he will write to-night a letter to Mr. Lamar & state the facts, in the case & ask him to stand by you. He also promised to write to Bishop Andrew, of the M. E. Ch. who lives in Washington & have him visit Mr. Lamar. He said he c^d have some influence with Mr. Creswell of Washington who he says is now a Presbyterian, but he did not know whether he w^d have much influence with Mr. Lamar. He suggested that Capt. Ball might have considerable influence with Mr. Lamar, what do you think.

Bro. Vance thinks, that through Genl. Beaver we might

be able to reach Mr. Yeuk, who has
lately resigned his position in Kansas
Department. We will try this to-morrow,
& work it in all that it is worth.

I have thought that through Dr. Everett the
private Sec. of the Governor of Pa. Mr. Patterson
I may be able to reach him. Everett is
to preach in the Sabbath. He resides here in
Carlisle. I will try him anyway. One of
my members promised me that he w^d.
urge Mr. Randall to say a word in favor, &
I hope I may be able to reach Hor. Curtin.

I don't know how much of a wine
puller I may prove to be, when I get my
hand in. Let me hear from you, and
give me any point, you can.

Yours affectionately,
Geo. Norcross.

Carlisle May 24,
Dear Bro.

The enclosed
will explain itself.
Please send it back to
me as I have not shown
it to Vance as yet.

Hon. W. S. Stenger of
Harrisburg promised
me yesterday to use his
influence with Mr.
Jenks for you; & I wrote
out a statement of your
claims for him which
he said he w^d. endorse
& send on to Jenks.
I have some other iron
in the fire.
Yours Geo. Worcester

1. The first thing I noticed when I stepped
out of the car was the cold. It was a sharp
contrast to the warm blanket I had been
under. The air was crisp and clear, and I
could see the snow-covered trees in the
distance. I took a deep breath and
felt a sense of peace. The world was
quiet and still, and I was alone.
I walked slowly, savoring the moment.
The snow was soft under my feet, and
the silence was perfect. I had found
what I needed. A quiet place to think
and feel. The cold was not a problem
anymore. It was just a part of the
experience. I was in the middle of
something beautiful. The snow was
like a blanket, and the silence was like
a lullaby. I was home.

2. The second thing I noticed was the
smell. It was a mix of pine and
snow. It was a scent that I had never
before. It was a scent that made me
feel like I was in a storybook. I took
another deep breath and the scent was
even stronger. I was in a magical
place. The snow was like a blanket, and
the silence was like a lullaby. I was
home.

3. The third thing I noticed was the
view. It was a view that I had never
before. It was a view that made me
feel like I was in a storybook. I took
another deep breath and the scent was
even stronger. I was in a magical
place. The snow was like a blanket, and
the silence was like a lullaby. I was
home.

4. The fourth thing I noticed was the
feeling. It was a feeling that I had never
before. It was a feeling that made me
feel like I was in a storybook. I took
another deep breath and the scent was
even stronger. I was in a magical
place. The snow was like a blanket, and
the silence was like a lullaby. I was
home.

5. The fifth thing I noticed was the
time. It was a time that I had never
before. It was a time that made me
feel like I was in a storybook. I took
another deep breath and the scent was
even stronger. I was in a magical
place. The snow was like a blanket, and
the silence was like a lullaby. I was

Dear Doctor Jackson,

We will probably adjourn finally to-day. No such proposal, as you refer to, has been before our committee. The Stated Clerk says, he has no such papers. It is not likely, therefore, that the matter will be introduced.

be ready for shipment.

We find it necessary to
order the articles
which are required for
the school.

I will attend to getting
all articles purchased for
government schools,
which are now
being prepared for

As we are glad to accept your generous offer

in arrears here before we will need the
money. (You know how slowly the work is
going Miss Louell's school house is done
it is a fair sample of the speed with which
the school does the work. I am impatiently
waiting for a more energetic action,

Your favor of the 4th Ult is recd.
I note remarks concerning the indifference of
the Appropriation Com., and having had similar, or
even more full explanations from Prof Sax-
man, I wrote him by last mail, that in case
of such a failure I would place at his disposal
a building, 24 x 40 ft. with portico the
full length, divided into a general workshop
24 x 28 and two nice living rooms 10 x 12 and
12 x 14, which I had intended for the use of my-
self and wife, but concluded to set aside for
Prof Saxman's use. I have moved my own
family to the Fishery - 1 1/4 miles above here.

If the appropriation is sufficient to
pay Prof Saxman's salary - there need be no
delay on account of building, as this new
and unused building is at your disposal.

I hope all will be well -

Yours Sincerely

QUARTERLY REPORT.

One of these blank reports is sent you for each quarter of the year for which you are commissioned. It is expected of you to fill up the statistics fully, and add facts, thoughts, incidents and experiences—encouraging and discouraging—to enable the Board to know definitely the work you are doing. Put these in as interesting a form as possible, so that, if they are published in the "PRESBYTERIAN HOME MISSIONS," or "RECORD," they will stir up the hearts of Christian people to sympathize with, pray for, and help support the cause in which you are engaged. Upon the receipt of each of these filled up reports, the quarterly payment may be expected from the Board, or as soon thereafter as arrangement therefor can be made. You are expected, also, to forward to the Secretaries by April 1st of each year, a statistical report of the preceding year for which a prepared blank will be furnished you.

My Dear Friend

Our people had gone up to
New River to get some oil & ^{salt} small fish I
went with them & stayed with them one week
I could not teach them the children were very
busy helping their parents but they would
not work on Sunday they are much fish
than the ~~the~~ Indians they all return back
June 7th had waited in the village
to spend the Sabbath they start off
Monday morning, to old Tongass or Port Chester
where they want to have a new town We
hope with the help of our Lord that you
do something for them this summer
I never saw such people that were
so anxious to learn about the living
God when we move to Port Chester, we
don't want any old fashioned thing to put
neither spend any Blankets for the dead
Brother or Sister, just what the young

Men say they want to take ^{the} new life
which is in Christ if I only had
enough money I would have put up
a building in Port Chester just to start
them with but you know that I have
to look after my little family the only
thing I could do is to wait patiently
until you have something ready
for them

We start off to Wangle the 2nd day
thru Port Chester we had come
up on a canoe we are doing the very best
we can to hold up Christ before those
around us I held two afternoon services
last two Sabbaths & the old friends
of mine were very much pleased to
hear my voice once more but my
heart went back to those people
who were so helpless without any
one that can speak about God
I want to go back just as soon as
I can but I'm sure of going back
there while there was no body in the village
I want to help in Young all I can while I
am here I had a letter from Mr. H. C.
in Hart Simpson about my debt he
said that he would write to you
if I don't pay him within one month
the Lord knows how much I had tried

to pay him but the money we got
is just enough for our provision
of course you don't want to see my children
starve to death, & we cannot live on
dry salmon therefore I ask you
to send enough money, so I can
settle with him now, he is coming out to meet
me now the bill is about \$130.

I thank you for the \$1000 you
sent - we had just got the money
for three months now we are in
dear need.

Please accept many thanks for the Report on Education which you kindly sent me. I mean to review it in the Pres. Home Missionary of August, & quote large passages bearing on Education & mission work.

Should it be as well for me to leave Portland on the 33rd of August as on the 9th of August? I have applied for a pass on the railway & a ticket on the steamer for the 9th but Dr. Fendall thought the 23rd would be as good a time as chance to attend the Coast Synod. What do you think of this date?

Dear Dr. Jackson.

Your letter mailed to Clarion was forwarded to Harrisburg where I found it on my arrival last night.

A short time ago I recd. a communication intimating that you would in all probability be placed in another position and that your position would be tendered to me. I was assured that my acceptance would not change your plans nor the designs of the officials toward you, so I answered that under those circumstances I would take the position ^{stating that} as I had anticipated such an appointment, though I was not expecting it so soon.

COMMONWEALTH OF PENNSYLVANIA

DEPARTMENT OF PUBLIC INSTRUCTION

Harrisburg, _____ 1888

Should the change be made, I desire that my appointment be withdrawn from the newspaper reporters, as I do not wish to have my name appear in the papers. The democrats of my county, without solicitation, have nominated me for Congress. Ordinarily the district is close but two years the Republican candidate won by a handsome majority, and I am hesitating whether to be a candidate. If I go to Alaska I must bid good-bye to political aspirations.

What do you advise me to do?

I have no information as to the position designed for you in place of the one you now hold.

Fraternally Yours, A. J. Davis.

P.S. I send you marked copy of Clarion Democrat in which my name occurs several times.

Dear Dr. Jackson

Your letter of yesterday is on my desk this morning. The plan suggested by you is precisely identical with that thought of by myself. I believe I can be elected if the Sec'y. of the Interior will give me the opportunity to make the canvass, and may be able to assist you in Congress to a better purpose than under present circumstances.

What is the prospect of carrying the amendment through the Senate? It is provoking to read such ignorant twaddle emanating from distinguished gentlemen like Messrs. Randall and Holman. They had

no argument and could only hide behind the statements of Elliott, who, I am informed is in the interest of the Alaska Commercial company and therefore will belittle everything relating to the territory. They ignore completely your statements and those of Gov. Swineford, ^{gentlemen} who are the the accredited government Agents and to whom congress should naturally look for reliable information.

I have no additional information but am in daily expectation of important news. Your supposition ^{as to} of the motives influencing the party who was anxious for your removal I think ~~are~~ ^{is} about correct. A compromise was found to be necessary. I am informed that his intention was to have Capt. Cowles appointed in your stead, and if I had positively declined Cowles' name would have been urged again. I fear that if Gen. Eaton's successor is named before this matter is settled Gov. S. may again change his plans and try to have his man put in. A letter in my possession states: "This has now become not a question of Dr. J. - but of you and some one else." - and again "Should you refuse, it will go so that you may never again have the refusal." The same letter states positively that the place will be offered me. Of course this is all confidential. Please write me soon, and if you deem it important that I should go to Washington I can go at any time. I expect to remain here some time.

Yours in Christian fellowship. A. J. Davis.

Circular Letter Sent to leading U.S. Senators.
Department of the Interior,
BUREAU OF EDUCATION.

General Agent of Education in Alaska.
Washington D.C.

~~Sitka, Alaska,~~ July 8th, 1886.

Hon & Dear Sir

The House of Representatives
has failed to make any provision for the
continuance of the schools in Alaska as es-
tablished by law.

Unless the Senate comes to the rescue,
the work so well commenced must close.

The teachers (some of them Ladies),
who have gone out on the faith of the Govern-
ment that annual provision would
be made for the schools until the Territory
could provide for them, will be thrown out
of employment from 3000 to 4000 miles
from home

The one thousand children in school
this past year will be turned back to
ignorance and idleness

The school property and furniture
will largely go to ruin; and much

that has been done, will be lost.

Remembering your past interest in the Education of that distant Region, I ask you to use your great influence in the Senate and when the Sundry Civil Bill is before you do what you can to secure an appropriation for the Alaska Schools.

I remain with great respect

Yours Truly
Sheldon Jackson
General Agent.

Dear Sir:

I am very much obliged to you for your copy of the Evangelist containing the article concerning Mrs. Hawley. Some kind friend had sent me before a copy of the paper in which it was originally printed, but I am very glad to get a duplicate. Since writing the foregoing sentence I am told that it was also published in my own paper, the Courant, but I am none the less obliged to you.

Please keep watch of your appropriation for Alaska. We are all so busy that we may overlook things we should be sorry to neglect.

Yours truly, R. Hawley.

Dear Sir -

I am sorry to hear of the many troubles
you are in at the Assembly, but
of course the session was well advanced
& all was well as I trust your anxiety
would be all at an end before I could
write you, by means of the daily papers
I got off hunting until I should get
on the cars, but did not get into
shape until today. Met with a buggy
accident 1st of June that nearly took
my life & it's close. old story of a runaway
& I will leave that to the car - a sudden
stoppage. am thankful to say however
that neither horse nor driver nor horses
injured but altho' I got a severe shock with
but slight suggestion of concussion for two
weeks causing me to sleep uneasily & have
a lot of trouble when awake. I feel it is
himself again I hope. I am writing you
except for more letters I sent but

Chairman of
Committee of 'Rella & Co.' & kept
up enquiries until danger was over
I did not the same with General Pitty,
but as your Name, from seeing no
mention, that the subject never came
up in any form - so "who is he?" -
I was ready to have exposed the cause
input more power into it than I did
into the Chinese revolution, which the
Venerable Assembly equaled, by laying on
the table.

My dear wife was so weak till
that I did not let my hands get 3 months
she went once to London while my return
so that she might have kept & quiet, she
is a little better. Still retains her way, but we
cannot winter in that place again it is
possible that I shall not be here very long
now.

Have very much to get - the
move of the debt of that house (manor)
and are not pleased with 3 or 4 people
who thro' the hand of the Lord of the manor

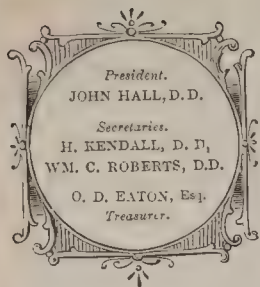

afford to be out of their money - this
would clear the house & leave all
but the mortgage of \$1000 nothing
to a month's rental for my successive
visits are really hard here but it is quite
difficult to get things to go on with
as there are only ~~the~~ "mother in Israel" &
wealthy "Son of the Church" that would
cast our pillar of a few thousand by
among part of the whole of the
heredity in or about Washington -
Syndicate plans for that - pretty sure
brother do help if you can. I am legally
responsible for much of that too and feel
sure that it had to be so long in part
Let's help us!

My wife would give presents in
the amount of that, but as the Board can't
and names to New York City and did not
again write after we heard nothing more from
them my wife sent me for nearly 3 months
of a most dampening letter for all
the rest of my heart when our visit

some inquiries about it found not
my hands - However as I do not
gladly utter such good but thankful
words must conclude thanking you
for your sympathy & prayers and
trusting that your kind wife & family
are all happy

Your favor in regard to sending Dr. J. S. Mr. Holstein to Alaska is at hand. The Board will not send any one there until I return with report on the needs of that country. Governor Swinburn wants us to send there Dr. Geo. W. Bunker once of Eastern reference of Marguerite Mich. He shall not send either until the autumn. Will you be kind enough to communicate with Mr. Holstein stating him that we may need him in the fall.

It is my intention to sail from Portland Aug. 9th to remain in Alaska between 30 to 40 days. What book would you advise me to take on Alaska besides Dall's & Jones?

I have
tried to see you again

I have not been able.
I send you "Notes on a hearing"

and beg you to look at it -
and if you can advise Mr.
Newman how to influence
members of the House to
confirm the appropriation
of \$50,000.00 made for the

Senate you will be aiding
in solving the Women's
Problem. Her address is
52 13th St. N. E., I have
written to Mrs. Newman that
I think our advice would
be helpful to her and advised
her to call upon you.

I have received an
intimation (whisper) that
if James H. Macdonald be suc-
cessful a trip to visit Government
Indian Schools this autumn.
What do you think of it?
Would it be a help to our
former Mission Schools, and
do you know a Mr. Clarke
author of Baby Face who
is moving in the matter?

A letter from Mr. Austin expresses
fear from reports circulated in Alaska
that Mr. Allister is to be re-instated.

Mr. James says there can be no fear of it,
what do you think? I go to-morrow

morning at 7.15 o'clock to "Shelter Island
Heights" Safford Co. New York to rejoin my
children. Mr. James will be here until
Congress adjourns. I trust Mr. Jackson is

still improving in health, and that you
will be able to bear the heat here so long as
necessity compels it. With high esteem

July 22, 1856.

My dear Bro. Jackson,

Please accept my
sincere thanks for your re-
mark received yesterday.

I appreciate your kind-
ness very much and I am
pervaded with much interest.

Your suggestion about the
use to make of Mr. D's letters
is certainly worth considering.
His letters are just full of
the early history of the Lake
Lake Union. He was an
immensely fine letter-writer - at
least his letters to me were.
Always full minute accounts of
his experiences written in the

most readable style - full of
life, incidents, and very com-
ments about men and things.

Only recently I had occasion
to look over this to find a
particular letter of September
1873 in which he gives an
account of Dr. Arnot's visit

Salt Lake, when he was
seriously ill and was
expected to die, and Melch
took care of him.

One of Dr. Arnot's dis-
ciples is the wife of Prof. [unclear]
of Lincoln University, and she
wished to learn through me about
Mr. Melch, as her father to
the day of his death never ceased
to be grateful for Mr. Melch's
care in Salt Lake.

And strange to think that
both these men of God have

for these ten years may be
gone when there is no sick-
ness, and within two years
of each other - Dr.brook
June 3, 1875, and Josiah
Welch Mar. 18, 1877.

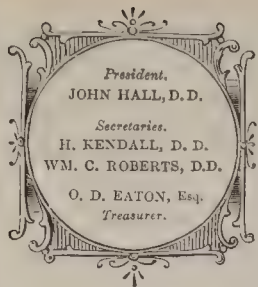

It gives me much
pleasure to hear of the prog-
ress and attainments of your
daughters, Daisy and Beulah.

Wishing you a very pros-
perous journey and success-
ful mission to Alaska,

I remain,

Sincerely yours,

Dr. Sheldon Jackson,

My dear Sir:

At your request I send you my little ebullition of righteous wrath in The Courant of the 17th. - A bit of an earthquake or perhaps a little dynamite under the floor of the House of Representatives would be, I think, an excellent preventative against further short-comings from that quarter.

I am very 'human' you see, - and lack patience. I have written to both of our Conn. Senators in regard to the appropriation for Alaska Schools.

I fancy it may be a work of supererogation - my impression being that these gentlemen are entirely sound on the subject of Indian Education, even in Alaska. Nevertheless, it may be well to let them know that Connecticut is watching their action in this matter. -

I hope I may be able to go with your party to Alaska this summer, but the precarious condition of my mother's health (she lives with me) makes it somewhat doubtful. Should I find it possible to do so, I shall certainly take my Camera with me. It is a never failing source of pleasure, and as such, should never be snubbed!

You. Sheldon Jackson,
My Dear Sir:

I had presumed to hear from you this week; but not hearing I think best to write. I presume it has gone against us and you hesitate to break the news; but care not for us. I pity the children (rather) whom we might have helped and led to Jesus. If Congress failed us and you are and will remain like minded to us we can bide our time for another year or two and in the mean time let us write

for papers, to friends &
stir up public sentiment
in favor of Al.^{aska} until
the appropriation or other
means opens up the way
for us. "Where there is a
